

ReSite Accessibility Statement

At ReSite, a premier website design and creation company, we are committed to ensuring digital accessibility for all, including people with disabilities. We are continually improving the user experience for everyone and applying the relevant accessibility standards.

Our Commitment to Accessibility

ReSite strives to ensure that its services and information are accessible to all users, regardless of ability. As a company dedicated to transforming digital presences, we believe in building inclusive online environments that cater to a diverse audience. We are committed to integrating accessibility best practices into our design and development processes for our clients and our own digital properties.

Measures to Support Accessibility

ReSite takes the following measures to ensure accessibility:

- **Inclusive Design Principles:** We aim to incorporate accessibility considerations from the initial stages of our website design and development projects.
- **Adherence to Standards:** While specific compliance details can vary by project, we strive to follow generally accepted guidelines and standards for accessibility, such as the Web Content Accessibility Guidelines (WCAG) 2.1.
- **Ongoing Review:** We are continuously working to improve the accessibility of our own website and the websites we create for our clients.

Feedback

We welcome your feedback on the accessibility of ReSite's services and website. If you encounter any accessibility barriers or have suggestions, please contact us.
